Special German Electro-Mechanical L.L.C

About Us

SPECIAL GERMAN ELECTRO-MECHANICAL L.L.C (SGEM) widely known as 'Special German' in the telecommunication arena of the U.A.E, was established on December of 2009 to accomplish any and all technological advancement with its sister companies, the Arab Tanker Services (ATS), the MIRAI Technologies (MT), and the Special Gulf General Contracting & Maintenance LLC (SGGC).

Today, as we competently expand into the field operations of ELV (Extra Low Voltage) and of the ICT (Information and Communications Technology), our solutions come from our unflagging dedication to provide customized solutions and unwavering services to cater the growing needs of Middle-East market.

SPECIAL GERMAN ELECTRO-MECHANICAL L.L.C (SGEM) recognizes our capacity to operate fully in these sectors and understands that the integration of our expertise in the field of technology, and our commitment for excellence to deliver services is our vantage point to excel as key player in the industry.

Our Mission & Vision

Vision

- ▶ To build credible reputation in the field of technology through ensuring infinite solutions and applying latest technology in aspects of global advancement.

Mission

- We will continually strive to:
- ▶ Honor the commitment and professionalism of our workforce.
 - ▶ Integrate altogether honesty, integrity, and business ethics into all aspects of operation.
 - ▶ Uphold the company core value through delivering high quality services and exceeding customer satisfaction.
